

Summary of the Examiner Teleconference

Initially, Applicants' representative wishes to thank Examiner Poon for his time on August 18, 2001 the content of which is summarized below.

On July 13, 2001, in response to Examiner Poon's request, Applicants faxed page 9 of the Preliminary Amendment of October 16, 2000. The Examiner indicated that this page was omitted and needed to be filed to complete the response. However, in a later call by Applicants representative on August 17, 2001, it was understood that the fax of July 13, 2001 was not a proper response, and that the omitted page must be officially filed to be a proper response. This Supplemental Amendment responds to the Examiner's request. Applicants understanding is that this page was necessary for the Examiner to review since it contained parts of two claims, so that he can analyze Applicants remarks in their May 3, 2001 request for Reconsideration in light of all claims filed in the October 16, 2000 Preliminary Amendment.

Conclusion

Accordingly, in view of the above amendments and remarks, an early indication of allowance is requested.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Matthew J. Lattig (Reg. No. 45,274) at the telephone number of

the undersigned below in order to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.
